SUMMARY

Frontend Developer specializing in React, Next.js, and Tailwind CSS, with hands-on experience building custom WordPress themes and Shopify storefronts — from client portals to e-commerce sites. Comfortable owning a feature end-to-end, from API integration to polished, animated UI, with a consistent focus on performance and clean code.

SKILLS

Frontend: JavaScript, TypeScript, React.js, Next.js, HTML5, CSS3, Tailwind CSS

CMS & E-commerce: WordPress (Custom Themes, Elementor), Shopify (Liquid)

Animation & Interaction: Framer Motion, GSAP

Tools & Practices: GitHub, REST APIs, Axios, React Query, Core Web Vitals optimization

EXPERIENCE

Frontend Developer

Jan 2025 – Present

SYB Business Ecosystem

- Build and maintain production web platforms across concurrent projects — client portals, an educational platform, and e-commerce storefronts — using React, Next.js, WordPress, and Shopify
- Developed a solicitor/legal services client portal, including authentication flows and Laravel API integration
- Built core features for a Quran-based e-learning platform, including course pages, a teacher availability scheduler, and a 10-section multi-step registration form
- Implemented scroll-linked and 3D animation experiences with Framer Motion and GSAP, and built a custom smooth-scroll utility with mobile/tablet fallback
- Improved Core Web Vitals (FCP, LCP, TBT) through CSS-in-JS removal, lazy loading, preload hints, and bundle analysis
- Maintained API architecture using Axios and React Query across projects

Game Developer

Apr 2024 – Jan 2025

ArtSphere

- Developed 2D games in C# and Unity, working on game mechanics, scripting, and interactive design

Web Development Intern

Jan 2024 – Apr 2024

Rise Rox Tech

- Learned frontend fundamentals and built small projects using HTML, CSS, and Java
